

FLAX COUNCIL OF CANADA

September 1, 2010

**2010/2011 Farm Flax Sample Testing Program
Approved Labs and Test Submission Forms**

As of September 1, 2010, any flax entering the commercial grain handling system will be subjected to more rigorous testing for the presence of CDC Triffid than was previously required. The list of approved labs for Triffid testing as well as laboratory submission forms is shown below. Each of the labs has successfully completed proficiency testing conducted by the Canadian Grain Commission.
